How to value draft picks

Using auction values and slotting them into a draft board gives us a simple and effective illustration on how to construct draft-pick trades. If you enjoy trading draft picks to target players, swapping mid or late-round picks is a good way to even out trades.

12 Teams, 16 Rds		1st	2nd	3rd	4th	5th	6th	7th	8th	9th	10th	11th	12th
